

Resume | **Kalyan Gali**

Dear HR,

I'm interested to discuss possible opportunities within your organization. I think my background and experiences enable me to quickly adapt and help any corporation. My resume is enclosed for your review

Of particular note for you and the members of your team as you consider my skills are my strong accomplishments in combining business acumen with technical savvy to achieve improved operating efficiency internally and improved flow for the institution as a whole. Additionally, my accomplishments have been achieved improving cooperation between team.

After 13 years of professional experience, I have a thorough understanding of every aspect of modern businesses. My current employer is very happy with my performance, but I view myself as somewhat of a troubleshooter, and most of the reorganizations initiated here have already come to fruition, so I am eager to consider new challenges. I would like to demonstrate my potential to succeed with you, working as an individual contributor or as a team member, to the achievement of mutual goals and objectives.

If you are seeking a talented individual who stays abreast of his field, who understands technology, who earns 100% staff support, and who is as career-committed as it takes to achieve total success, then please consider what I have to offer.

I welcome the opportunity to meet with you or members of your team in order to further discuss your current or anticipated needs in terms of my qualifications and career objectives.

Sincerely,

Kalyangali

Kalyan Gali

Personal Viewpoint

Summary

I'm well acquainted with design development life cycle, eLearning, publishing design methodologies, expertise in brand identity, graphic, web design and usability with over a decade of working experience. I have a strong working exposure in online gaming, brand marketing, creative direction and in learning industries. I also managed, maintained and mentored teams to work with high spirits, work efficient, be smart and do right! Fortunately am a reason for many cutting edge solutions to my existing and past companies whom I proudly worked with. I also help start-up founders build great products that promote a positive user experience.

Experience

Work Experience

August 2008 - November 2011 | Icronex Technologies

Position: CREATIVE HEAD

I headed the creative department with a team of eight visual designers. I lead the team with design, UI and usability skills. We work on New bingo rooms design and development, gambling websites, online casino interfaces and game application development for online bingo sites for the US and European clients. Extensively worked for marketing collaterals, affiliate elements, partner sites which change dynamically every few days.

Had ample experience in achieving short and quick targets according to business requirements.

Some of my many project include

SilverOakCasino.com, BingoFlash.com, 123BingoOnline.com, CaptainJackCasino.com, BingoFlash.com, BingoKnights.com, and for an overview, please visit the mentioned websites.

August 2004 - August 2008 | HCL Technologies

Position: SPECIALIST GAME DESIGNER

Started my carrier as a designer and promoted as team lead in the gaming department and handled a team of seven visual designers. I was a specialist game designer for business development division (BDD), Worked on casino games based on Electronic gaming machines (EGM). Did amazing projects like 'Royale Poker' which stood as one of the best casino games in Vegas (most played).

Awards
